## Oak Lodge perform Shakespeare in the West End

Oak Lodge made their West End debuts along side professionals Paterson Joseph, Jessica Hynes and Arthur Darvill at London's Piccadilly Theatre on Monday the 18th April as part of the Shakespeare Schools Festival Gala.

The audience were absolutely wowed by what the students achieved performing Shakespeare on a professional stage. As for the students themselves - they were so excited it was hard to get them off stage after the bow!

# Oak Lodge and The Museum of Dockland

We are very excited to tell you that Oak Lodge is working with Artists from Artburst, together we are making a shadow puppet animation that will be screened at The Museum of London in July.

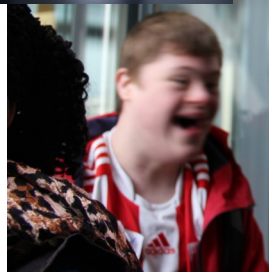

Students from KS3 and KS4 went to the Museum of Docklands on Wednesday, for the first stage of the project.

We explored the Museum whilst taking photographs of everything that inspired us about London.

These photographs will then be used in the next stage of the project.
